This guide is meant to help our brides anticipate the total cost of working with Sugarcane Studios.

All of our brides pay a \$125 Fitting Fee when booking that covers 3 fittings and reserves your spot on our calendar.

Alterations Cost Ranges:

\$500-800

- Dress fits [mostly] well and only needs minimal, common fit alterations
- Minimal Lace or Beading
- Few Hem Layers and/or Simple Hem Types

\$800-1200

- Dress needs moderate fit alterations
- Moderate Lace or Beading
- Multiple Hem Layers or Complex Hem Construction
- Dress may have sleeves or need major bodice/bust work

\$1200-1500+

- Dress needs extensive fit alterations or repairs
- Resizing 2+ sizes (>3") total
- Heavy Lace or Beading
- Multiple Hem Layers and Complex Hem Construction
- Custom Design Changes
- Many sample gowns fall in this range.

These are wide ranges and are all estimated until we see your dress. Some brides go below these ranges, while some go above. Alterations will be priced at the fitting using mostly flat rates. Anything needed outside of a flat rate will be priced using our studio rate of \$65/hr. We ask for 50% of the total cost as a deposit at your first fitting, with the balance due when the alterations are done.
